

# Sports Premium Funding

## SPORTS PREMIUM FUNDING REPORT AUTUMN 2013

Over the last year, you may have heard in the media about Sports Premium Funding. The government is providing additional funding of £150 million per annum for academic years 2013 to 2014 and 2014 to 2015 to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - will be allocated to primary school headteachers. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Funding for schools will be calculated by reference to the number of primary-aged pupils (between the ages of 5 and 11), as recorded in the annual schools census in January 2013. Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

At The March we are committed to this funding making a difference for children not just in the following two years, but longer term as well.

### **In spending the funding we take into account the following factors;**

- The increase in participation rates in such activities as games, dance, gymnastics, swimming and athletics
- The increase and success in competitive school sports
- How much more inclusive the physical education curriculum has become
- The growth in the range of provisional and alternative sporting activities
- The improvement in partnership work on physical education with other schools and other local partners
- Links with other subjects that contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills
- The greater awareness amongst pupils about the dangers of obesity, smoking and other such activities that undermine pupils' health.

## SPORT PREMIUM FUNDING REPORT 2013-14

Number of pupils & Sport Premium Funding received			
Total amount of Sport Premium funding (SPF)			£8855
Summary of SPF spending 2013-14			
<p><b>Objectives of spending SPF:</b> PE and Sport will be a diverse, engaging part of our curriculum with two hours high quality PE taught by confident teachers. All pupils will access sporting activities and be encouraged to lead a healthy lifestyle.</p>			
Record of spending by item/project 2012-13			
Item/Project	Cost	Objectives	Outcomes

Competitive events and equipment bought during previous academic year (2012-2013)	£356.76	Entry to competitions and to help access to the PE curriculum at The March.	All children able to access PE sessions due to suitable equipment and developing a competitive ethos at The March.
<b>Summary</b>			
Total SPF received			£8855.00
Total SPF expenditure			£7958.76
SPF remaining			£896.24

**Remaining funding:**

Any funds remaining are to be spent during next financial year (March 2014 – July 2014). Funding saved until this date due to time allocation of funding from Departments for Education, Health and Culture, Media and Sport and the possibility of change e.g. events being cancelled or added.

Funding may also be used to bring in specialist coaches or organisations for Sport Relief and National School Sports Week 2014. Specialist coaches will allow all children to access an area of physical education that they may not have access to within the curriculum and raise awareness of important of a healthy lifestyle.

**Impact of the Sport Premium Funding**

The increase in participation rates in such activities as games, dance, gymnastics, swimming and athletics	All children participate in PE lessons at The March, the funding aims to improve the enjoyment and vigour of the activities the children partake in. Observation will monitor this.
The increase and success in competitive school sports	This can be monitored using the school website or through the reading the sports newsletter which is sent out on a half-termly basis.
How much more inclusive the physical education curriculum has become	All children will experience a range of activities; children will be surveyed through the year to offer their opinions on PE and school sport. Observation of teaching will monitor inclusiveness.
The growth in the range of provisional and alternative sporting activities	Outside of curriculum Sports clubs have grown to offer the children a huge variety of activities, some of which are paid clubs and some provided for free by class teachers. Within the school year, children will have event days, such as KS2 girls attending football coaching with Chichester girls team, National School Sports Week and Sports Relief.
The improvement in partnership work on physical education with other schools and other local partners	Four partnerships are running at The March.  One partnership is with Goodwood Area Schools in which The March annually participate in a football tournament.  A new partnership has been agreed by 12 primary schools that will give children opportunities for competitive football, netball, cricket, tag rugby and Olympic events.  The Schools Sports Partnership (West Sussex West) is still running and will provide The March with Sainsbury School Games competitions. The March will also be able to buy into training for staff and extra competitions.  The March have a strong partnership with Bishop Luffa, two trained SSCO's will support the delivery of the curriculum in school and provide competition for school to enter. After school clubs are also offered which will improve transition to secondary.
Links with other subjects that contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills	PE will be embedded where suitable with class topics; from healthy lifestyle links in science, to dances from different cultures in geography and links to literacy through instructions and story telling.
The greater awareness amongst pupils about the dangers of obesity, smoking and other such activities that undermine pupils' health.	During allocated time to plan for the new curriculum, this will become embedded within week to week plans. Assemblies – 'how to stay healthy' and organisation to be brought to talk to the children about healthy lifestyles.
