<b><u>Summary</u></b>			
Total SPF received			£9786.24
Total SPF expenditure			£9167.55
SPF remaining and carried over to summer 2015			£618.69

### **Remaining funding and money from the second academic year tranche**

Funds remaining from 2014-2015 financial year along with funding from the second tranche will be spent on additional swimming instructors to teach alongside class teachers, up-skilling them, and all children to be taught in the summer term by a qualified swimming instructor. Additional sports clubs will be provided including gymnastics, multi-sports and tennis to increase children's participation in sports and taught by specialist teachers. To increase children's activity during playtime and to help with high quality teaching playground markings will be added to both KS1 and KS2 playgrounds.

### **Impact of the Sport Premium Funding**

The increase in participation rates in activities such as games, dance, gymnastics, swimming and athletics.	All children are able to participate in quality PE lessons at the March, the funding aims to improve the enjoyment and vigour of the activities the children take part in. Observations monitored this as well as training from Bishop Luffa.
To continue participation in competitive school sports.	This is monitored by the number of events children are attending and via the school website with photos.
CPD for staff to up-skill in PE and attendance at briefings and training.	Information from course attended shared with all staff during staff meetings. Teachers will work alongside Bishop Luffa's SSCO to team-teach in PE lessons and learn from a sports specialist.
The improvement in partnership work on physical education with other schools and other local partners.	Children will take part in competitive and inclusive activities through a variety of events.
Development of assessment in line with the new National Curriculum.	Bishop Luffa SSCO will provide resources and training for staff on using new assessments in line with the new National Curriculum.

### **Objectives for Summer 2015**

<p>Additional Swimming Instructors for Year 3 and 5 to team-teach and up-skill staff.</p>	<p>Teachers will have increased knowledge and confidence in teaching swimming and children will become more competent swimmers.</p>
<p>Providing more clubs with sporting opportunities to increase participation in sports.</p>	<p>The number of sports clubs on offer will increase as will the number of children participating.</p>
<p>Providing children with active activities during playtimes including the use of Sports Leaders.</p>	<p>Children will have access to a larger number of active activities at playtimes and be led by Sports Leaders.</p>
<p>Continuation in developing assessment in line with the new National Curriculum.</p>	<p>Staff will become more confident using assessment in PE and children will be able to record and self-assess their work as well as it be collected as evidence of high quality PE and accurate assessment.</p>
