## ECCLT is an Education Trust of 14 Primary Schools and Academies, 3 Secondary Schools and Academies and 1 Specialist Academy in East Cleveland

We serve communities with a strong history of collaboration and partnership. We have taken the step to become a co-operative trust because we share the principles and values of the Co-operative Society:

- self-help
- self-responsibility
- democracy
- equality
- equity and solidarity

Becoming a Co-operative Trust has helped us to clarify our vision and aims, continue to raise expectations and standards across the partnership, and make our existing collaboration more sustainable.

As a group of schools we know that we can achieve more by working together than we can by working alone.

---

### How Our Trust Works

Working as a co-operative trust allows us to share our priorities and work together to make our schools the very best they can be. We have a Trust board that meets regularly, agrees on priorities and co-ordinates activity. This can range from working together to share our resources and our expertise to developing exciting school to school projects and initiatives.

---

## Community Membership

As a co-operative trust we are able to offer our community a new and exciting way to be involved. As a member of the trust you get to be part of what's happening across all eighteen schools. You can have your say, participate and make a real difference to your community.

You will have an opportunity to voice your opinion and make yourself heard through our democratic decision making process at the Annual General Meeting.

You will be invited to events across all eighteen schools. You will also be given the opportunity to learn new skills and make a difference through participation in one or more of the trust initiatives.

## Membership for Business

As a trust we are also in the process of developing an exciting business partnership scheme which will allow us to work more closely with organisations that also have a stake in our community. If you work in this area and you or your organisation might be interested in becoming a ECCLT partner please let us know.

Membership is open to anyone who would like a stake in our pupils' future, and you can participate in whatever way best suits you.
