STAR OF THE WEEK

Catrina for determination in English lessons and lots of great contributions

Angus for applying wonderful knowledge of dinosaurs to help out classmates with their non-fiction writing

KINGFISHER

Ray for great attitude to assessments

Alice for great listening and team work in cooking

OWL

Sophie for having the courage to express her ideas in her story

Ellie-May for working on Maths and English at home

Congratulations to Christina who achieved her silver certificate in Athletics.

THAMES WATER

Thames Water will be carrying out some repair work on Thursday 13th February between 10:00pm and 4:00am. We have been in communication with the works team and have been reassured that the schools supply of water will not be interrupted. There will be five water tankers pumping a water supply into the system so that the village has continued supply between those hours.

The engineer working on the job at Thames Water has advised that the risk of not getting the job finished by the time the school opens is negligible. However, in that eventuality the water tanker would prioritise the school with a tanker placed outside with a direct supply into school.

CHOIR CLUB

Choir club will resume as normal this week (Tuesday 11th February)

WREN CLASS – WRITING AND PHONICS

When your children practice their writing at home we would like to ask for your support in ensuring they use the correct letter formations. Here is a link to some of the rhymes that we share with them in class that you can practice with them at home:

To help support the children with their phonics, we also use the Read Write Inc speed sound cards in class. If you would like to work on these with your child/children, these can be purchased on Amazon.
