LISTENING TO YOUR CHILD READ

We are noticing that older children aren't having their reading records completed at home. Please try to listen to your child read every night and make a comment in the record so that we know where they are up to, thank you.

CHINMAYI HAS WRITTEN THIS FANTASTIC PIECE OF WORK ABOUT THE NEW CLASSROOM.

We're so lucky to get a new classroom! It's very spacious and beneficial for the growth of Fowey Class. The shape of the classroom appears (to me) to be like a Lego head. The place that we work in is the top part of the head and the extra back bit is where the interventions, reading and independent work takes place. The location of the classroom is at the back of the school on the right hand side.

The resources of the classroom are perfect for me. My favourite one is the smart board and the smart board pens because it doesn't just write but can do a lot of other things too. It is crucial to the teachers as it is a time saving, brilliant gadget. The pen can rub out and can move writing, so saves a lot of time.

When I first walked into the classroom I got surprised to see the size, it was colossal! It gave me a feeling of satisfaction, as it was just perfect to learn and educate in.

I would like to say a big thank you to all the teachers who put their ideas in, to make this classroom special. It encourages me to put more effort into my work so that I can make my teachers proud.
