Visitors to School

Year 2 had a visit from Mr Khan yesterday who gave a very informative talk about Ramadan which starts next week. He talked to the children about fasting and brought in some foods to sample including dates and pudding. The children listened with interest and asked some very thoughtful questions.

Mathletics Trial

Many thanks to those of you who have already returned the feedback forms. We do welcome your comments so if you have not already done so please return the form as soon as possible; this will allow us to get an accurate picture of how much this resource would be used and help us to gauge whether to proceed with a subscription or not.

Thank you

Lai Leach (Maths Subject Leader)

Building Maintenance at School.

Great news! Following on from the replacement roof on the main school building last year, Surrey have agreed to replace some of our tired looking windows and doors this financial year. These will include the offices looking out onto the playground (plus coloured panels underneath) as well as the fire exit double doors from the Hall (kitchen side) and the double doors to gain entry to the school corridor (Hall, Swallows, Robins, library etc). We are looking forward to smartening our appearance!

SCL Half Term Club- here!!!

Just a little reminder that SCL will be running a club here this half term so please contact them if you would like to book a child's place for any sessions. Plans are also taking shape for the holiday club to return to Busbridge Infant School over the summer holiday period. We are hopeful that such a local provision will prove popular within the local community.

After School Clubs-Overdue Payments

There are still a large amount of outstanding payments for the after school clubs run by our members of staff. Please can we ask that you make the payment via SCO pay as soon as possible. If you have any query regarding the payment, please contact the office as soon as possible. Many thanks.

Maths Activities

Reception	Year 1	Year 2
<p><u>Comparing Numbers</u> Using objects around the house, ask your child to count out a set of objects up to ten, then ask what is <u>1 more or 1 less</u> by adding 1 more or taking away 1. Extend to objects up to 20. Play "Piggy in the Middle" and ask which number is between 6 and 8? This can be extended to "tell me a number that comes between 14 and 16". Practise counting <u>on and back</u> from any number to 20</p>	<p><u>Position and Direction</u> Discuss different positional language with your child and use this to direct you to different areas at home, in the car or at the park. Eg left, right, forwards, backwards, whole, half, quarter and three quarter turns.</p>	<p><u>Double and Half</u> Using 5p, 10p, 2p and 1p coins, without showing your partner, work out how much you have, then double it and tell your partner the total. Your partner has to tell you which 2 coins you took. Write the multiplication and repeated addition number sentence. If you took a 5p and a 2p coin. Write $2 \times 7 = 14$ and $7 + 7 = 14$. Find all 6 ways of taking 2 coins. Challenge by taking 3 coins</p>

Class Assemblies

Just to confirm that the dates for these are as above and as per the revised summer schedule (the original schedule had Wrens and Robins the wrong way round so please discount this). We are all looking forward to sharing and celebrating the learning taking place in the Reception and Year One this term as well as through the Celebration Evening for all year groups. The Year Two children will also get a chance to showcase their musical and theatrical talents before the end of term. We can't wait!

Glockenspiels and Xylophones to facilitate whole class participation in music sessions.

Just a few (100) of the books ordered so far with 'Bounce for Books' money. These, and others like them, will be used to improve class book corners.

We are delighted to have just taken delivery of many instruments and books! We are sure the children both present and future will reap the benefits from having these added resources thanks to all your fundraising!

Have a lovely weekend. It doesn't look like the weather is going to match last week's scorcher, but at least there are signs that summer is only round the corner....

Katherine Smith
