About Lisa Mooney

“For the 5 years prior to running the afterschool club I provided childcare from my home in Fritwell. When the opportunity to run the after-school club arose I was immediately excited at the thought of bringing my unique and quality provision to more children at our school.

I aim to create a home from home for the children, a place they can relax and unwind after school.”

The after-school area is light and warm. There are different areas within the playroom including a lounge (soft furniture and TV for films and video games), a study/studio (large library of books and arts and crafts materials) and a kitchen area (where food and drink will be provided for children at the table).

As the term progresses, the children create their own artwork, which can be seen displayed around the room. Children will particularly draw on times of the year and holidays for their artwork and celebrations.
