

## HOME-SCHOOL AGREEMENT Amendment

By sending your child into school we are all agreeing to follow the updated Covid-19 Home School Agreement so that we can reduce the risk to everyone.

Child's name .....

Year group .....

### **As a school we promise to:**

- Prioritise the safety and the emotional well-being of our children and staff over everything else.
- Set up 'pods' which will limit your child's contact to the same adults and small group of children. Maintain the same space for children every time they come to school.
- Provide your child with their own pencil case including all the stationery they will need so that they will not have to touch items other children have.
- Organise classrooms so that children are socially distanced from children and adults; each child will have their own desk separated from others
- Increase cleaning hours in school.
- Stagger the start and end of session, so that your child does not come into contact with other pods.
- Monitor children and staff for symptoms at all times. We will call you to collect your child if they display any symptoms or if a member of your child's core group has tested positive for COVID-19.
- Ventilate spaces as much as we can and take children to learn outside more often to reduce infection risk.
- Grow numbers of children in school slowly so we can do it safely. This will mean reduced hours.
- Continue to provide home-learning for children who are not in school full time.
- Keep you up to date with what is happening and our plans are
- Keep to social distancing guidance outside of school.

### **Parents and carers promise to:**

- Monitor your child for symptoms closely and do not send them to school if they display any.
- Keep children off school for 7 days if they have symptoms.
- Keep children off school for 14 days if a child in their pod tests positive for COVID-19 or a member of your household shows symptoms.
- Take children for testing if they have symptoms.
- Drop off and pick up at the time given to you so that you do not mix unnecessarily with another group. Children must be dropped off and picked up by an adult from their household everyday – no child will be allowed to walk home alone.
- Do not come into the school. Meet your child at the designated doorway. If you need anything further, please use dojo, email or phone the school.
- Do not gather with other families. Social distancing must be adhered to. If more than one family arrive at the same time, wait in a line with a 2m gap as you would for a shop.
- Do not allow your child to bring any extra items into school as this could carry unnecessary risks.
- Collect your children immediately if we call to say they have symptoms.
- Make sure children wash their hands for at least 20 sec with soap just before leaving for school and as soon as you get home.
- Ensure children are washed and have clean clothes on daily.
- Ensure children's mobile phones, scooters and bikes are not brought into school.

### **Children promise to:**

- Wash your hands more often than usual.
- Keep to your pod group. If you pass someone in the corridor, that's okay but don't stop to talk, keep walking by.
- Keep to the place you are given in the classroom and use the items from your pencil case.
- If you are in early years, play with the things that your teachers sets out for you and do not put things in your mouth.
- Don't bring anything from home apart from your coat, water bottle and prescription glasses.
- Tell us if you don't feel well.
- If you need to cough or sneeze, do it into a tissue and throw it away straight away. If you haven't got time to get a tissue, use your elbow. Wash your hands after a cough or sneeze.
- Be Smart and Keep Apart.
- Not play with any other children outside school until we are told it is safe to do so.
- Leave mobile phones, scooters and bikes at home.
