Dear Acorns Parents/Carers

New Topic for next half term – Where does snow go?

Our new Acorns topic for the next half term is all about Winter.

Let it snow! Let it snow! Let it snow! Why does snow melt? How can we keep warm? It's time to explore the frosty but fascinating season of Winter.

- We will wrap up warm and head outside to spot frosty windows, icy puddles, and steamy breath.
- Back in the classroom, we'll warm up with a hot chocolate (letter to follow).
- We'll freeze toys in ice and think about whether we can speed up the melting process to free the toys inside.
- We'll look at a range of winter-themed books.
- Using our mathematical skills, we'll count snowflakes and stick the correct amount of buttons onto numbered snowmen.
- Getting creative, we'll create winter-themed art, make flavoured ice lollies and build a sugar cube igloo!
- We'll also share snowy day experiences with each other (weather permitting!) and compare the temperatures of different areas of the school, inside and out.

Kind regards

Mrs Dale and Mrs Hancock
