4th February 2019

Dear Parents and Carers

I am delighted to inform you that we have been evaluating our Mission Statement at school, we wanted three things:

- **A motto that reflected tradition that we could articulate**
- **Core values that were evident and had biblical substance**
- **An encompassing statement that projected our vision and fundamental ideals for our children, staff, parents and governors at Glazebury CE Primary school.**

We started the journey in September with staff, clergy and governors participating in a review, and formulating ideas and drafts. Children from the Ethos group were then consulted, followed by the children of the school. An initial DRAFT is now ready for the next phase of consultation with yourselves as parents. We would appreciate it if you would take the time to review the proposed draft and if you have any comments, or suggestions we would like to consider them, as we are the "Glazebury CE Family" and your opinions are very important to us.

Kind Regards

Mrs Karen Mowbray
Head Teacher

Comments or suggestions: To be returned by Friday 15th February 2019.
