Monday 30th April 2018,

Online Safety Workshop for Parents

Dear Parent/Carer,

Whether you're puzzled by parental controls or would like to know more about gaming, this workshop can help. We all know that it can sometimes be challenging to keep up to speed with what children are doing online and how to keep them safe.

To support you with this, on 22nd May we will be holding a workshop for parents led by Childnet. Childnet is a highly respected, international charity who work to make the internet a safer place for children. The session will give you practical ideas for how to keep children safe and will help you identify potential risks faced by children online.

The workshop will take place at school and will begin at 6pm. Pizza and tea and coffee will be served. To help us with numbers for catering please complete the pro-forma below or email the office by 16th May.

Yours sincerely,

B. Reed
