**Subject:** Thank You

Hey all,

I just wanted to draft this email to say thank you on behalf of myself as a student and as a member of staff. I have been given the most amazing opportunities in all aspects of my school life at GFAPS and I will be forever grateful for all the support you guys have given me and continue to give me. Thank you for putting up with me for almost 3 years. Thank you for not taking offence when I called you a b\*tch or told you to f\*ck off whilst being a student. And now being on the other side of the school and seeing what I must have looked like from your point of view has made me respect all of you and what you deal with massively. So thank you ALL for the best high school experience I could have ever asked for. :))))))
