

# Wraxall's School News

This term has been filled with extra-curricular learning opportunities and this week certainly has not disappointed!

A big well done to the dancers who attended the North Somerset DanceFest at Weston Playhouse this week. They were fantastic. The effort that they put into their dance moves and routines, during their rehearsals, was amazing. Some very talented children!

Our science challenge winners had a brilliant time testing out their seagull experiment, alongside other local schools, at the Wills' Memorial Building in Bristol. The BBC has filmed this event so they may be appearing on TV in the near future! Thank you to Mrs Gritten and Mrs Davey for supervising this event and thank you again to Miss Madge for organising our entry. Well done to both teams who entered and congratulations to our team who came second!

Year 3/4 had a great time at the seaside near Kilve this week. As part of their Tomb Raiders topic work they were busy exploring the coastline and fossil hunting – Mary Anning would have been proud I am sure! Meanwhile Y1/2 visited the North Somerset Museum in W-S-M. What lovely weather both classes had for their trips. Reception had a great time today (Friday) planting seeds in their playground – hopefully you will be able to see the results of this next term in the newsletter. Finally, high praise for Year 5/6 class this week when a visitor to school commented on the children's calm and respectful manner towards each other and their learning – brilliant!

Well done to the winning team in the School quiz last week. It was a great night with some brilliant quiz masters, great food and a fab atmosphere. Thank you to all who organised the event and to everyone who attended. Your support, as always, is massively appreciated.

Have a lovely weekend,

See you on Monday,

Amy Townsend

## Dates for your Diary
