

Dear children,

I hope you enjoyed watching me and that you learnt lots about silage time on the farm. Some farmers start cutting their silage as early as the end of April if the grass is ready and the weather is good!

Did you see Merlin the pony? He was so busy eating grass that he missed the whole silage time! I was thinking that seeing as you are such fantastic writers, you could write and draw some information explaining, 'How silage is made'. You could write a set of instructions, an explanation, a story map stating each part of the process or use your own ideas. Once completed ask your parents to take a photograph of it and email it to Miss Bray, so that she can pass it on to Merlin.

Thank you!

I cannot wait to see your writing!

Love from
