Question time!

What could the warning alarm mean?

Can you describe what it might feel like to be walking on the moon?

It is extremely expensive to send a man/woman into space. It is even more expensive and dangerous to send people to the moon: it hasn't been attempted for many years. Do you think it is important that we try to understand more about space and the moon?

In the year 2013, 200'000 people from 140 different countries applied to take part in a special project: to become the first people to live on Mars in the year 2023. Do you think that living in space is something that might one day be considered 'normal'? Is it something you would like to do? Can you make a list of reasons for/against living on Mars?
