

Year 6 plans for Remote Learning Support

If your child is self-isolating because a family member is awaiting a test or showing symptoms please contact school.

Mrs James will email you with the following:

- A daily overview and plans for the learning taking place in school
- A zoom link for a lesson from school
- Daily contact from school
- Each child will also have their personal activity level 1 pack which they can work through accordingly

If the whole bubble is sent home, the following will happen:

- Plans for the day will be uploaded to your class eSchool page for 9am.
- At 9:30am a zoom session will take place. A link will be emailed to parents from school. In the zoom session Miss. Laskowski will lead the class through a lesson linked to maths. Then in the afternoon an additional session will take place on zoom linked to English.

Work on the Class eSchool page will include:

- A full plan for the day's learning – this will include links to various websites and work which can be undertaken on the eSchool platform. All children have access to this in school and have been using it to support their work. Work will be centred on reading, writing, maths and the wider curriculum.
