

Spring Term

I would like to start by wishing you all a happy and successful 2018.

Christmas seems a long time ago but on behalf of the rest of the staff I would like to thank everyone who sent in gifts of chocolates and biscuits.

Parent Surveys

Thank you to everyone who returned the Parent Survey. It was lovely to see so many positive responses. We value your feedback and always make the time to discuss points that have been raised.

Playtime snacks

Please could we remind you that any KS2 children that bring in a snack for morning play should be choosing something healthy. We are hoping to arrange a meeting between the school council and the catering company to agree a new selection for the Tuck Trolley.

Beach clean and Wildlife Week

Each term we have a Theme week, where all of the children in the school are learning about the same topic.

This term our theme will be local wildlife. We are hoping to have 2 or 3 visitors who will speak to the children about their interests in local wildlife.

The School Council would like to encourage the other children in the school to collect any rubbish, especially plastic that they find on the beaches.

We will be making a gallery of photos of the children who participate in this. We will also be making a sculpture from some of the rubbish that is collected.

Wendron Preschool

As you are now aware the Preschool committee have successfully secured funding to build on the school site. We are delighted that this will be happening and look forward to working closely with the preschool staff in the future.

Handbells

We were lucky to have a demonstration of handbells from Vicky Ferguson yesterday. The children enjoyed the challenge of playing a tune for their peers. We are hoping that some of the KS2 children will be keen to take part in the handbell festival in March.

Sport

Congratulations to the KS1 children that took part in the gymnastics competition in Mullion at the beginning of the month. We were able to celebrate their successes in Praise assembly.

Bikeability

A number of our year 6 children took part in the Bikeability training this year. This is a great opportunity that we like to encourage. The children finish the training with an increased confidence and awareness for road cycling.

Parent Consultations

Parent consultations will be taking place during the week of the 19th February. You will receive your letter, inviting you to book your appointment shortly.

World Thinking Day

On Thursday 22nd we will be inviting our Brownies and Rainbows to come to school in their uniforms to celebrate World Thinking Day.

If your child would like to join Rainbows, Brownies or Guides you can contact Sam Goldsworthy:

Samgoldsworthy@sky.com

Information is also available on the noticeboard in the corridor.

Swimming and diary dates overleaf.
