

**As athletes, we will take part in:**

- Golf
- Badminton
- Indoor Athletics/Cross Country
- Gymnastics

**As geographers, we will learn about:**

**UK Cities of Industry and Changes over Time**

- Names and locations of UK cities
- Human features of UK cities and how they have changed over time
- Trade and the global supply chain
- UK exports and trading partners

**As historians, we will learn about:**

**The Victorians**

- Queen Victoria's reign in Britain
- The significance and impact of the Industrial Revolution on Britain and our locality
- The lives of working class children before and after compulsory school was introduced
- The significance and impact of the British Empire

**As learners of religion, we will study:**

**Christian Faith**

- Christian values and how they can be shown through actions
- Significant key Christian individuals during the Victorian era

**Promises and Choices**

- What it means to make and keep a promise
- Right and wrong according to different world religions
- Non-religious narratives about how the universe began

**As artists, we will develop skills in:**

**Printing – Mono and Lino Print**

- Research and make annotations on the work of William Morris
- Explore mono printing techniques using different surfaces
- Experiment with pattern and colour to reach a desired outcome
- Combine two types of printing to create own artwork
- Compare and evaluate our own design and pattern making with that of well-known artists

**Y6 Autumn Term  
Learning Overview**

**As designers, we will design and make:**

**Lanterns**

- Research existing products to inform our lantern designs
- Use designs and prototypes to plan our final piece
- Practise joining materials in a variety of ways
- Include electricity, based on our science learning, to create a functioning lantern
- Evaluate our final product against our design

**As musicians, we will learn about:**

**Victorian Music**

- Compose melodies for Victorian street cries
- Create music inspired by Elgar's Enigma variations

**Christmas**

- Sing a broad range of unison songs
- Sing rounds and partner songs in different time signatures

**As computer scientists, we will learn about:**

**Communication**

- Develop our use of search engines
- Communicate using the Internet

**Web Page Creation**

- Identify what makes a good web page
- Design and evaluate a website

**As scientists, we will learn about:**

**Evolution**

- Recognise that fossils provide information about living things that inhabited Earth millions of years ago
- Identify inherited changes to living things over time

**Electricity**

- Identify electrical symbols and errors in electrical circuits
- Research developments in electricity use

**In Heartsmart, we will focus on:**

**Get Heartsmart:**

- Body language
- Secrets
- Marriage

**Don't forget to let love in!**

- Encouragement of others
- Gratitude
- Physical illnesses

**In Spanish, we will read, write and say words relating to:**

- Types of Weather
- Seasons
- Weather in Different Locations
