

Lessons taught separately to our History topic will be:

- English
- Maths
- Science
- Computing
- PE
- RE
- PSHE
- Spanish

As mathematicians we will...

... Count up and down in hundredths; recognise that hundredths arise when dividing an object by one hundred and dividing tenths by ten.
...Solve simple measure and money problems involving fractions and decimals to two decimal places.
... Round decimals with one place to the nearest whole number
...Compare numbers with the same number of decimal places up to two decimal places
...Recognise and write decimal equivalents of any number of tenths or hundredths, $\frac{1}{4}$, $\frac{2}{4}$ and $\frac{3}{4}$
...Describe positions on a 2-D grid as coordinates in the first quadrant
...Plot specified points and draw sides to complete a given polygon.
...Solve addition and subtraction two-step problems in contexts, deciding which methods to use and why.

As computer programmers we will...

... develop our coding skills using Code Studio
...ensure we are being safe online
...learn to use thinglink

As readers we will...

...make inferences based on the text we are reading
...examine and understand the meaning of vocabulary in context
...retrieve answers to questions from fiction and non-fiction text
...summarise the key messages of a text
...make predictions about what may happen next in a text
...continue to develop reading fluency

Y4 non-topic related learning

Autumn 2

As writers we will...

... learn how to use conjunctions accurately.
...develop our sentence structures.
...learn how to develop our synonym choices for effect
...write a range of fiction and non-fiction texts linked to our class text

In our Rights Respecting Schools work we will learn about...

...discussing and understanding article 1 and 42 – what is the convention of rights and how does it

As scientists we will...

...recognise organs that are part of the digestive system.
...identify how the digestive system works.
...identify the different types of teeth that we have.
...recognise how teeth are shaped differently and that this helps them do different jobs.
...understand how to keep teeth healthy and what tooth decay is.
...ask scientific questions and find answers.

In RE we will

...recognising what an angel is and their role was throughout the Bible
...understand why angels are messengers
...reference why the Angel Gabriel had such an important presence throughout the Bible.

As athletes we will...

... learn co-ordinate a sequence of movements in dance
... evaluate and assess sequences to enhance our performances.

In PSHE we will...

...be aware of our surroundings and the people around us
...suggest how someone is feeling based on body language and facial expression
...think about and thank unseen heroes of our community
...recognise that we sometimes need help from others
...develop an awareness of how to use smart phones and tablets responsibly
