

St Joseph's is a  
School of Sanctuary

Artwork offering help, showing feeling and emotions.

This is Sanctuary Bear. Each class in KS1 had a Sanctuary bear. They took him home every day and had to write about what they did to make him feel welcome and how they looked after him.

Cooking food from other cultures.

Paddington Bear came to seek sanctuary in Foundation Stage.

The children did all they could to make him feel welcome. They took him on a tour of the school, made him a school uniform and PE kit, took turns to buddy up with him and even made him marmalade sandwiches for snack time.

The children presented our head of Governors and our Priest with badges, asking them to be School of Sanctuary Ambassadors for our school.
