The atmosphere in the school is so calm and purposeful; everyone is settled and working very hard. We have a wonderful year ahead! We will be teaching the children the full academic curriculum, and we will also continue to encourage them to develop the skills which will help them to succeed in life. Together we can help the children to face challenges and upset, learn from their mistakes and become more resilient. A huge thank you to everyone who came into school during the holidays to help inside the building or in the garden. A special thank you to the governors and their families who trimmed the hedges, opened the school to contractors and moved furniture.

The report from our recent SIAMs inspection will shortly be on the school website. We are particularly delighted with the Excellent grade we received for our RE teaching.

Best wishes,  
Victoria Penty
