

How hungry are you for a Home Learning Challenge? How many Challenge dishes will you choose? Choose which Home Learning Challenges you would like to complete from the Menu of Dishes below.

How hot do you like your Meal?! The hotter the dish you choose, the more challenging it will be! Yellow: Warm, Orange: Medium, Red: Hot

Small Dish Challenges

You could choose to complete just 2 of these, or more, or choose 1 to start you off before moving on to a Large Plate Challenge!

Create a table of forces you may see in everyday life,
eg. Kicking a ball = pushing.

Use your art skills to create a picture displaying as many different types of 'forces in action' as you can.

Produce a mini-dictionary of terms to do with forces,
eg. Gravity, air resistance, upthrust, friction, newtons, etc.

Large Plate Challenges

You could choose to complete just 1 of these spending a number of weeks on this and building up your learning every time!

Create a cartoon strip where your main character encounters a number of forces throughout their adventures.

Design and create your own quiz showing what you know about forces.

Conduct your own experiment on forces – record what you did/found using words and pictures.
