Homework Year 1

Summer 2017

Reading

Tips for helping your child with their reading:

- Visit the library as often as possible - take out CDs and DVDs as well as books.
- Try to read regularly with your child.
- Use picture clues to help read simple texts.
- Buy dual-language books if English isn't your family's first language - you can talk about books and stories, and develop a love for them, in any language.
- Look for books on topics that you know your child is interested in.

Children need to practice reading words with contractions like: **I'm**, **he'll** and **we'll** and be familiar with words ending in **s**, **es**, **ing**, **ed**, and **est**.

Spelling

Look, Cover, Write, Check is a strategy used to help children learn their spellings. A child is given a word to spell and:

- looks at it
- covers it over with a piece of paper or their hand
- writes the spelling again next to the word
- uncovers the spelling to check if they have got it right.

Your child needs to be able to spell:

Days of the week and months of the year.

- Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday

- January, February, March, April, May, June, July, August, September, October, November, December.
