Our week:

All of our activities will be planned around our NICER challenge pack. The seven areas of learning will be planned alongside the children taking account of their ideas and interests.

Our NICER Home learning challenge will be set for over half term so watch this space. In the mean time please continue to share books at home and practise pencil control and name writing. We have also provided you with a homework leaflet which gives you ideas for activities and useful links to do at home. Please get involved with your children and don't be afraid to get messy and stuck in!

Our last challenge pack was a big success, it was so lovely to see so many parents in school supporting the children. We have really enjoyed researching, planning and performing in our parade. Our enterprise challenges were also a big hit! Thank you for your continued support.
