## Measuring the proposed impact of sport funding spending

**EYFs - Children shall have access to an improved and well resourced outside area to support physical development across EYFS1 and 2**

### **Key Stage 1**

100% of children will make appropriate progress in P.E lessons.

100% of children will be taking part in interschool competitions, that promote positive healthy lifestyles, develop and enhance skills and promote enjoyment of sport for all, outside of school lessons.

100% of children shall have equal access to improved resources and utilised these to their full potential.

Children shall compete in Mini-school Key skills competitions, outside of P.E lessons.

100% of children shall be given the opportunity to enjoy and try a range of sporting activities in clubs provided by the school and outside providers.

### **Key Stage 2**

100% of children will make appropriate progress in P.E lessons.

100% of children will be taking part in interschool competitions that promote positive healthy lifestyles, develop and enhance skills and promote enjoyment of sport for all, outside of P.E lessons.

100% of children shall have equal access to improved resources and utilised these to their full potential.

100% of children shall have competed in inter-school competitions in a range of sporting activities, outside of P.E lessons.

100% of children shall be given the opportunity to enjoy and try a range of sporting activities in clubs provided by the school and outside providers.

### **Staff**

100% of teaching staff in school will feel confident in most areas of P.E, through PCD and effective and strong sports leadership within school.

100% of teaching staff will feel confident in delivering good or outstanding lessons to pupils, and know where to get support and guidance in areas to ensure high quality experiences for all.
