Better Never Stops

18th January 2019

Dear Parents and Carers,

Parent Pay

Parent Pay 'goes live' on Tuesday 29th January, which means that school dinners will need to be paid for online and no longer with cash. We hope that the new system will be easier and safer, and we eventually hope that all school related payments will be made using this system.

A letter explaining what you will need to do is coming home with your child today. The letter will give you a unique username and password; this will allow you to set up an account. There is also a link to the Parent Pay website on our school website's homepage. **You will need to make sure this is set up ready for Tuesday 29th January.** Please contact the school office if you require any further information.

I hope you all enjoy a lovely weekend.

Yours sincerely

Mr Guy Walsh
Headteacher
