Vision for the Primary PE and Sport Premium ALL pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport

What is the Sports Premium?

The Government is providing funding of £150 million per annum for academic years until 2020 to provide new, substantial primary school sport funding'. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school head teachers to spend on improving the quality of sport and PE for all their children.

The sport funding can only be spent on sport and PE provision in schools.

Purpose of funding

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that the premium should be used to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years

It is expected that schools will see an improvement against the following 5 key indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. The profile of PE and sport being raised across the school as a tool for whole school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

Possible uses for the funding include:

- hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE;
- new or additional Change4Life sport clubs: [Change4Life](#)
- paying for professional development opportunities in PE/sport;

- providing cover to release primary teachers for professional development in PE/sport;
- running sport competitions, or increasing participation in the school games: [School Games](#)
- buying quality assured professional development modules or materials for PE/sport;
- Providing places for pupils on after school sport clubs and holiday clubs.
- Resources, including planning and assessment materials, to enhance the quality of PE teaching.

How much will we receive?

This is a straight doubling of the current allocation and will mean that all schools will be able to deliver further improvements to their PE and Sport provision. The mechanism for payment will remain the same, with schools receiving 7/12ths of funding in Oct/Nov and the remaining 5/12ths in April/May.

- Schools with 16 or fewer eligible pupils receive £1,000 per pupil.
- Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

Burwell Primary School has 472 eligible pupils.

Total Burwell Primary School will receive: £20,720 for the financial year 2018-2019.

How will we be spending the Sports Funding and who will benefit?

The Governors agree that the money must be used so that: all children benefit regardless of sporting ability; that all pupils have the opportunity to compete in local competitive events; the most able children are given the opportunity to compete in advanced tournaments; that staff have access to training opportunities and continued professional development.

Monitoring the impact of the Sports Premium Funding

Monitoring the impact of the Sports Premium Funding It is the responsibility of:

- Head teacher (Nicholas Smith)
- Deputy Head (Rowena Watts)
- PE Leader (Zoe Harradine)
- PE Teaching Assistant (Pat Woolf)
- Premier Sports (Gareth Simpson)
- Business Manager (Jenny Neale) – overseas and logs all expenditure

They will do this by:

- Working alongside Premier Sports staff, to deliver curriculum.
- Discussing sports and PE provision, including inter-school competitions, with pupils.
- Auditing staff confidence for teaching all aspects of PE.
- Observation of PE lessons.
- Completing PE Action Plan Objectives

Swimming and Water Safety

Swimming is an important skill and can encourage a healthy and active lifestyle. All Local Authority schools must provide swimming instruction either in key stage 1 or key stage 2. The programme of study for PE sets out the expectation that pupils should be taught to:

- swim competently, confidently and proficiently over a distance of at least 25 metres
- use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]
- perform safe self-rescue in different water-based situations

Swimming and Water Safety	Review 2019
What percentage of your Year 6 pupils could swim competently, confidently and proficiently over a distance of at least 25 metres when they left your primary school at the end of last academic year?	%
What percentage of your Year 6 pupils could use a range of strokes effectively [for example, front crawl, backstroke and breaststroke] when they left your primary school at the end of last academic year?	%
What percentage of your Year 6 pupils could perform safe self-rescue in different water-based situations when they left your primary school at the end of last academic year?	%
Schools can choose to use the primary PE and sport premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?
