

+ and -

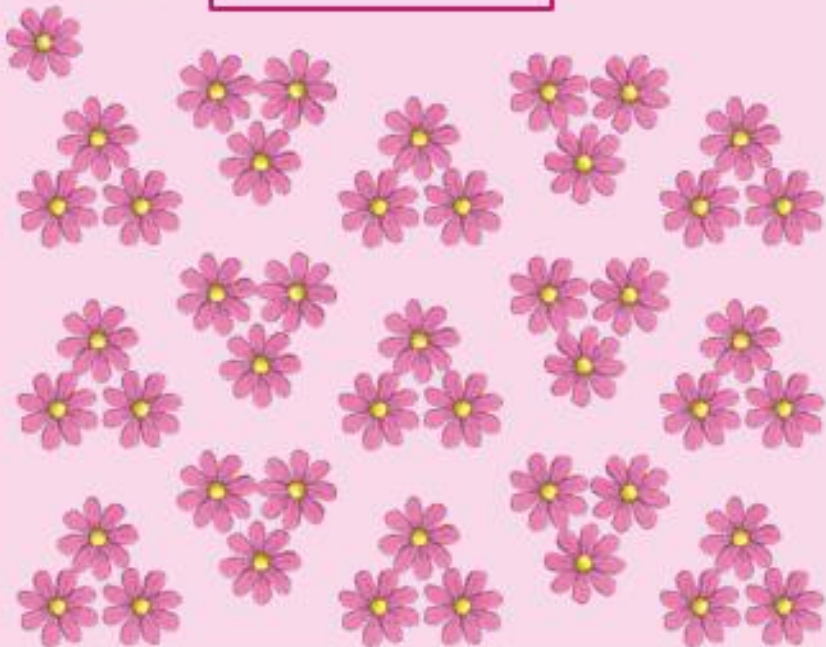

$$1705 + 400 =$$

$$2300 - 80 =$$

× and ÷

$$5 \times 5 \times 5 =$$

$$46 \div 3 =$$

Place Value

Write nine thousand, seven hundred and twenty in numbers.

Problem Solving

How many kilometres is 4530m?

Reasoning

0.17 is greater than 0.7 because 17 is greater than 7.

Is Harry correct?

Explain your reasoning.
