

Home learning tasks- guide for grown ups- 22.6.20

Please DO NOT feel like you have to do all of these tasks every day. Some days you might do all of them and some days you may not do any. These are just some ideas to keep you going for when your child ready and happy to learn.

Please do post your child's work on Tapestry. We can comment on your child's work and give them feedback. It's a great way for us to interact with each other. If you have forgotten your password/ need help logging in, please contact us via email through Mrs Wooler at head@westernroad.e-sussex.sch.uk

Reading/Writing/ Phonics

Read Commotion in the ocean if you do not have the story click on the link below.

<https://vimeo.com/407145418>

Either look at an information book about sea creatures or look on the internet. Choose a sea creature and write a fact file about that sea creature. Answer the following two questions about your sea creature- What do they look like? What do they eat? You can add one more fact. You can draw your creature in your red book and write the answers to your questions underneath. Remember to use full sentences, finger spaces and capital letters e.g. A jelly fish has long tentacles.

Phonics

<https://www.bbc.co.uk/games/embed/karate-cats?exitGameUrl=https%3A%2F%2Fbbc.co.uk%2Fbitesize%2Farticles%2Fzdp4pg8>

See what level you can read. You may need mum or dad to help you read some of the words.

Continue to get your child to read with you as much as possible. You can create an account on the Oxford Owl website and access lots of free ebooks. We would have been reading book bands 1,2,3 mostly at school. <https://home.oxfordowl.co.uk/books/free-ebooks/>

Maths

<https://whiterosemaths.com/homelearning/early-years/>

Look at the link above and do 1 activity per day from summer term week 9.

Understanding the world/ Expressive Art and design/ Communication and Language

Making a jellyfish using paper plates and strips of paper. Once you have made the jelly fish can you measure how long your tentacles are? You can use lego bricks as a measurement tool e.g. they are 6 lego bricks long. Which tentacle is the longest? How many lego bricks long is it?
