

LITERACY

# Moving to Year 3!

Year 3 will be just like Year 2 but with a few differences for example:

- Your classroom will be upstairs!
- You will have a new teacher called Mrs Bracher!
- You will be higher up the school which means you are setting the example for all of KS1!

# How are you feeling?

Moving to a different year group can be quite scary. It is okay to feel nervous or worried about something. When I am nervous I find it helps if I tell someone what is bothering me!

You might feel happy and excited to move to Year 3 and that is great as well 😊

You could even feel a bit of both!!

If we are worried or excited it is really helpful to tell someone why or ask them some questions to help you understand and feel less worried.

- Your task today is to write a letter to me or Mrs Bracher – Whoever you feel more comfortable telling/asking.
- Can you tell us how you are feeling about moving to Year 3 and why?
- Ask us any questions you want answered – this makes me feel better!
