

Home learning tasks- guide for grown ups- 19.6.20

Please DO NOT feel like you have to do all of these tasks every day. Some days you might do all of them and some days you may not do any. These are just some ideas to keep you going for when your child ready and happy to learn.

Please do post your child's work on Tapestry. We can comment on your child's work and give them feedback. It's a great way for us to interact with each other. If you have forgotten your password/ need help logging in, please contact us via email through Mrs Wooler at head@westernroad.e-sussex.sch.uk

Reading/Writing/ Phonics

Instead of a message in a bottle- lets make a memory bottle. The last few months have been really different from our normal lives. Can we think of 3 happy memories from our time in lockdown- draw some pictures and write sentences to go with them. Put them in a memory bottle- see activity below.

Phonics

Practise your tricky words. See attachment. Can you read them all...can you write them all in 2 minutes? Can you beat your time next time?

Continue to get your child to read with you as much as possible. You can create an account on the Oxford Owl website and access lots of free ebooks. We would have been reading book bands 1,2,3 mostly at school. <https://home.oxfordowl.co.uk/books/free-ebooks/>

Maths

<https://whiterosemaths.com/homelearning/early-years/>

Look at the link above and do 1 activity per day from summer term week 8.

Understanding the world/ Expressive Art and design/ Communication and Language

Save a plastic bottle from your recycling. Can you make a memory bottle? If you don't have a bottle maybe you could use a box. Put your drawings in which show your favourite memories of the past few months. You can decorate it with sequins, buttons, paint...go wild! You can keep this bottle and look back at it in years to come and remember something positive from this tricky time.
