

Art/D.T.

We will be producing some Indian inspired artwork incorporating Rangoli and Paisley patterns in our Art time.

In DT we will be exploring some of the mouthwatering flavours of the sub-continent by cooking a variety of foods from flatbreads to chutneys!

British Values

We will have a whole day where we explore British values linking them to the lessons learnt from the mistakes of British Imperialism.

R.E.

In R.E. we will be looking at Hinduism in all its colourful variety. We will look at their sacred texts, the different stories linked to the plethora of gods and see how this affects their daily lives.

Novel Study

Bodripty - Prisoner of Azkaban

Bosigran - Wonder

Kenidjack - Percy Jackson and the Lightning Bolt

Science

Our Science will be closely linked to our topic this term and will start off by looking at animals and the way they are adopted to their differing habitats. After half-term, we will be investigating the mysteries of our solar system.

Music

In Music we will be linking Indian music to dance and exploring the delights of the Kathak, Bollywood and Bhangra moves.

Indian Final Outcome

The end of the project will be marked with celebration of the Holi Festival. This will incorporate traditional food, dance and, of course, the colour run.

Outdoor Learning

We will be taking advantage of the outdoor spaces as much as possible to help us understand the Geography and Science elements of our term's learning.

Geography

Our humanities this term will be very geographically based. We will start by learning the structure of the Earth and finding out how tectonic movements formed the continents.

We will be investigating how latitude and longitude are used and follow this with an overview of the different ways in which mountains are formed.

After this, we will look more closely at Human Geography and see how peoples lives are dictated by the varied landscapes they live in.

Maths

In our maths lessons we will follow the curriculum with a particular focus on mastery through applying and problem solving. Alongside this there will be opportunities for Indian based maths challenges.

English

The Year 5s will be basing all their writing on Indian themes. This will include poetry, traditional stories, tourism brochures and persuasive letters.

Year 6 will be producing, editing and redrafting a series of pieces for their writing portfolios.
