

Art/D.T.

In art lessons, the children will be doing some detailed botanical drawings as well as drawings of bridges and portraits. For our DT we will be researching and making bridges as well as preparing our Mazey images.

PSHE/ British Values

We will have a whole day where we explore British values and our PSHE will focus on communities. We will also complete our Sex and Relationships Education.

R.E.

In R.E. we will be looking at methodism, finding about how it was introduced to Cornwall by John Wesley. The children will take part in a methodist revival on the field where they will learn traditional hymns, have a go at some Cornish dancing, meet key figures, finishing with a Cornish tea treat.

Novel Study

Bodrifty - Dead Mans Cove

Bosigran - Holes

Kenidjack - Room 13

Science

In science this term we will be leaning about forces and how they effect things around us. We will then move on to looking at the lifecycle of plants. We will be carrying out a range of experiments, focusing on writing them up and presenting data accurately.

Music

We will be learning Navvie songs and following the music express curriculum.

Final Outcome

The end of the project will be marked with a trip to St Ives on the train. We will visit the Tate Gallery and picnic on the beach.

Outdoor Learning

We will aim to use our outdoor learning environment as much as possible throughout the curriculum. Some of our science work will be carried out on the beach.

Geography

Our humanities this term will focus on both history and geography. We will look at the geography of the UK, recognising counties and county towns. We will also be thinking about the arrival of Penzance railway station and the impact it had on local businesses, tourism, the fishing industry and other effects it will have had on the community. Our history learning will centre around the building of the railways and the life of Isambard Kingdom Brunel. We will look at the history of transport, canals and railways.

Maths

Y5s will be continuing to improve their maths knowledge and will be carrying out a range of maths challenges. Y6s will be preparing for their SATS tests in May. After these, their maths learning will continue through project challenges.

English

The Year 5s will start with the term with some poetry work based on the Highway Man. They will write a newspaper report on a train crash, a letter of complaint as well as their own ghost stories. The Year 6s will be completing their writing portfolios.
