Data Protection Policy

Introduction

From the 25th May 2018 the General Data Protection Regulation (GDPR) became applicable and the current Data Protection Act (DPA) was updated by a new Act giving effect to its provisions.

This Policy sets out the manner in which personal data of staff, students and other individuals is processed fairly and lawfully.

The School collects and uses personal information about staff, students, parents or carers and other individuals who come into contact with the School. This information is gathered in order to enable it to provide education and other associated functions. In addition, there may be a legal requirement to collect and use information to ensure that the School complies with its statutory obligations.

The School is a data controller and must therefore comply with the Data Protection Principles in the processing of personal data, including the way in which the data is obtained, stored, used, disclosed and destroyed. The School must be able to demonstrate compliance. Failure to comply with the Principles exposes the School and staff to civil and criminal claims and possible financial penalties.

Details of the School's purpose for holding and processing data can be viewed on the data protection register: <https://ico.org.uk/esdwebpages/search>

The Schools registration number is [**Z7503869**]. This registration is renewed annually and up dated as and when necessary.

Aim

This Policy will ensure:

The School processes personal data fairly and lawfully and in compliance with the Data Protection Principles.

All staff involved with the collection, processing and disclosure of personal data will be aware of their duties and responsibilities under this policy.

That the data protection rights of those involved with the School community are safeguarded.

Confidence in the School's ability to process data fairly and securely.

Scope

This Policy applies to:

Personal data of all School employees, governors, students, parents and carers, volunteers and any other person carrying out activities on behalf of the School.

The processing of personal data, both in manual form and on computer.

All staff and governors.

The Data Protection Principles

The School will ensure that personal data will be:

1. Processed fairly, lawfully and in a transparent manner.
2. Collected for specified, explicit and legitimate purposes and not further processed for other purposes incompatible with those purposes.
3. Adequate, relevant and limited to what is necessary in relation to the purposes for which data is processed.
4. Accurate and, where necessary, kept up to date.
5. Kept in a form that permits identification of data subjects for no longer than is necessary for the purposes for which the personal data is processed.
6. Processed in a way that ensures appropriate security of the personal data including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

The School will be able to demonstrate compliance with these principles.

The School will have in place a GDPR process for dealing with the exercise of the following rights by Governors, staff, students, parents and members of the public in respect of their personal data:

- to be informed about what data is held, why it is being processed and who it is shared with;
- to access their data;
- to rectification of the record;
- to erasure;
- to restrict processing;
- to data portability;
- to object to processing;
- not to be subject to automated decision-making including

- profiling.

Roles and Responsibilities

The Governing Body of the School and the Head Teacher are responsible for implementing good data protection practices and procedures within the School and for compliance with the Data Protection Principles, supported by Business Manager and GDPR Governor.

It is the responsibility of all staff to ensure that their working practices comply with the Data Protection Principles. Disciplinary action may be taken against any employee who breaches any of the instructions or procedures forming part of this policy

A designated member of staff, the Data Protection Officer, will have responsibility for all issues relating to the processing of personal data and will report directly to the Head Teacher.

The Data Protection Officer will comply with responsibilities under the GDPR and will deal with subject access requests, requests for rectification and erasure, data security breaches. Complaints about data processing will be dealt with in accordance with the Schools Complaints Policy.

Data Security and Data Security Breach Management

All staff are responsible for ensuring that personal data which they process is kept securely and is not disclosed to any unauthorised third parties.

Access to personal data should only be given to those who need access for the purpose of their duties.

All staff will comply with the Schools Acceptable IT use Policy.

Staff who work from home must have particular regard to the need to ensure compliance with this Policy and the Acceptable IT use Policy.

Data will be destroyed securely in accordance with the 'Information and Records Management Society Retention Guidelines for Schools'.

New types of processing personal data including surveillance technology which are likely to result in a high risk to the rights and freedoms of the individual will not be implemented until a Privacy Impact Risk Assessment has been carried out.

The School will have in place a data breach security management process and serious breaches where there is a high risk to the rights of the individual will be reported to the Information Commissioner's Office (ICO) in compliance with the GDPR.

All staff will be aware of and follow the data breach security management process.

All staff will be aware of and comply with the list of Do's and Don'ts in relation to data security in Appendix A

Subject Access Requests

Requests for access to personal data (Subject Access Requests)(SARs) will be processed by the Data Protection Officer. Those making a Subject Access Request will be charged a fee in accordance with Regulations. After the implementation of GDPR on 25th May 2018 no fee is applicable. Records of all requests will be maintained.

The School will comply with the statutory time limits for effecting disclosure in response to a Subject Access Request. The statutory time limit of 40 days continues until 25th May 2018 when under the GDPR the statutory time period reduces to one calendar month of receipt of the request.

Sharing data with third parties and data processing undertaken on behalf of the School.

Personal data will only be shared with appropriate authorities and third parties where it is fair and lawful to do so. Any sharing will be undertaken by trained personnel using secure methods. Where a third party undertakes data processing on behalf of the School e.g. by providing cloud based systems or shredding services, the School will ensure that there is a written agreement requiring the data to be processed in accordance with the Data Protection Principles.

Ensuring compliance

All new staff will be trained on the data protection requirements as part of their induction.

Training and guidance will be available to all staff.

All staff will read the Acceptable IT use Policy.

The School advises students whose personal data is held, the purposes for which it is processed and who it will be shared with. This is referred to as a "Privacy Notice" and is available on the School website.

The School also provides a Privacy Notice to staff which is available on the School website.

The School will ensure Privacy Notices contains the following information:

- Contact Data Controller and Data Protection Officer
- Purpose of processing and legal basis. Retentions period. Who we share data with.
- Right to request rectification, erasure, to withdraw consent, to complain, or to know about any automated decision making and the right to data portability where applicable.

Photographs, Additional Personal Data and Consents

Where the School seeks consents for processing personal data such as photographs at events it will ensure that appropriate written consents are obtained. Those consent forms will provide details of how the consent can be withdrawn.

Where the personal data involves a child under 16 years written consent will be required from the adult with parental responsibility.

Appendix A

What staff should do:

DO get the permission of your manager to take any confidential information home.

DO transport information from school on secure computing devices (i.e. encrypted laptops and encrypted memory sticks). Wherever possible avoid taking paper documents out of the office.

DO use secure portable computing devices such as encrypted laptops and encrypted USB memory sticks when working remotely or from home.

DO ensure that any information on USB memory sticks is securely deleted off the device, or saved on a School shared drive.

DO ensure that all paper based information that is taken of premises is kept confidential and secure, ideally in a sealed envelope which indicates a return address if misplaced.

DO ensure that any confidential documents that are taken to your home are stored in a locked drawer.

DO ensure that paper based information and laptops are kept safe and close to hand when taken out off premises. Never leave them unattended. Particular care should be taken in public places (e.g. reading of documentation on public transport).

DO ensure that when transporting paper documentation in your car that it is placed in the boot (locked) during transit.

DO return the paper based information to the School as soon as possible and file or dispose of it securely.

DO report any loss of paper based information or portable computer devices to your line manager immediately.

DO ensure that all postal and e-mail addresses are checked to ensure safe dispatch of information. When sending personal information by post the envelope should clearly state 'Private – Contents for Addressee only'.

DO ensure that when posting/emailing information that only the specific content required by the recipient is sent.

DO use pseudonyms and anonymise personal data where possible.

DO ensure that access to SIMS (or equivalent) is restricted to appropriate staff only, that leavers are removed in a timely manner and that generic user names such as 'Sysman' are disabled.

What staff must not do:

DO NOT take confidential information to an entertainment or public place such as a pub or cinema, whether held on paper or an electronic device. Any information must be taken to the destination directly and never left unattended during the journey.

DO NOT unnecessarily copy other parties into e-mail correspondence.

DO NOT e-mail documents to your own personal computer.

DO NOT store work related documents on your home computer.

DO NOT leave personal information unclaimed on any printer or fax machine.

DO NOT leave personal information on your desk over night, or if you are away from your desk in meetings.

DO NOT leave documentation in vehicles overnight.

DO NOT discuss case level issues at social events or in public places.
DO NOT put confidential documents in non-confidential recycling bins.
DO NOT print off reports with personal data (e.g. pupil data) unless absolutely necessary.
DO NOT use unencrypted memory sticks or unencrypted laptops

Appendix B: Record Retention

The education record-Retention of personal data:

What are the appropriate retention periods for different categories of personal data?

Information is contained on WSSfS at the following link:

<http://schools.westsussex.gov.uk/P1160>

29.Child protection records-retention. Should a school keep the child protection record when the child moves to another school and the education record follows the child.

The data principles require personal data to be kept no longer than is necessary. You can continue to keep the child protection record for the period you consider necessary to achieve the legitimate aims set out above. Once the education record has passed to the new school it is unlikely there is a 'purpose' for the old school to retain a copy of the child protection data on it. In the event that the child protection matter involves a member of staff that information will also be held on the individual's personnel file and there may remain a purpose for keeping it there.

Note that the IRMS records management for schools tool kit advises that any child protection records held on the education record should be kept in a sealed envelope.

The retention period should remain: the DOB of the child + 25. This was agreed in consultation with the Safeguarding Children Group on the understanding that the principal copy of this information will be found on the Local Authority Social Services record.

SEN records-retention. Should primary schools (whether under GDPR or SEN regulations) retain a copy of SEN this information themselves after passing on the Education record of the pupil.

The SEN record and looked after status is part of the education record which transfers to the new schools and I do not see a 'purpose' for the old school to retain a copy of that data. Keeping copies without a purpose would not be lawful and creates addition risk in terms of security of data and management of requests for personal data.

The IRMS guidance states:

Primary schools do not need to keep copies of any records in the pupil record except if there is an ongoing legal action when the pupil leaves the school. Custody of and responsibility for the records passes to the school the pupil transfers to.
