

Share Aware

Share Aware, from NSPCC and O2, gives parents all the tools they need to have regular and informed conversations with their child about staying safe online. Under 20% of parents discuss online safety regularly with their children but we want to get every family talking about their child's life online, just as they would their day at school.

Parents can sign up to the Icebreaker email series (<https://nspcc.o2.co.uk/>) and become an expert in their child's online world in 6 weeks, follow our four simple steps to keeping kids safe online, watch our film 'Safety advice from a 10 year old' <https://www.youtube.com/watch?v=IGIEKGJRWEo&feature=youtu.be> or visit Net Aware (https://www.youtube.com/watch?v=sch_WMjd6go) - our guide to your child's social networks, apps and games.

The internet is a great place for kids to be, being Share Aware makes it safer. Just like in real life, kids need our help to stay safe online. Teach your child to be #ShareAware with @NSPCC and @O2 <https://www.nspcc.org.uk/preventing-abuse/keeping-children-safe/share-aware/>
