

Summer 17

What are the super qualities of a hero?

Phase 2 have been practising using their 'superhero virtues'. They have written some amazing stories based on our local community heroes, made themselves into comic book heroes, working along side our secondary school Humphry Davy, and sent questions to the author of our novel study book, David Solomons.

They even created their own 'super' art. Creating imaginative pieces that represent various artistic styles - with their own twist.

Their amazing work was brought together in a 'Super Exhibition' where parents were blown away by their imagination and beautiful final outcomes.

They have really flown during this project and been inspired to be the best they can be.
