

## Pupil Premium Statement 2018 & 2019

All schools receive additional funding from the Government to support disadvantaged pupils. The Government funding is based on the number of pupils who are: currently in receipt of a daily free school meal (FSM), those who have been in receipt of a free school meal in the last 6 years (Ever6). The amount allocated per pupil in 2018/19 was £1320. Service Children at per pupil in 2018/19 was £300 and Looked After Children (LAC), those in local authority care £1900.

The total amount of Pupil Premium Funding for 2018/19 received by the school was £81,838

The percentage of pupils per class in receipt of Pupil Premium Funding is as follows:

Year 6 – 16/30 = 53%, Year 5 – 13/18 = 72%, Year 4 – 11/21 = 52%, Year 3 – 9/18= 50%, Year 2 – 9/28 = 32%, Year 1 – 13/22 = 59%, F2 – 13/29= 45%

The overall percentage of pupil from Year R to Year 6 in receipt of Pupil Premium Funding is 48%

We have identified all the pupils who are eligible for the funding from the school census. We target specific interventions to support children who are in receipt of the funding through pupil progress meetings, which take place periodically throughout the year. The strategy we use to target interventions is based on evidence from the Sutton Trust Educational Endowment Fund toolkit, showing the impact and value for money of a range of interventions and services. We calculate the progress of this key group of children, measuring and evaluating the impact of the interventions funded by the Pupil Premium budget.

Summary of Objectives:		
<ul style="list-style-type: none"> <li>To raise achievement in English and Maths</li> <li>To provide social and emotional support</li> <li>To raise levels of attendance</li> <li>To increase pupil engagement and readiness to learn</li> <li>To increase engagement of parents/carers in pupil learning</li> </ul>
