

## Welcome to Class 6D at Marlborough Primary Academy

I love spending time outside with my family and our springer spanial Charlie. One of my two little boys is now bigger than me and the youngest has just finished year 6.

Our favourite walk is through Plymbridge Woods up to the wier where Charlie likes to turn into Superdog and dive in.

My favourite author is Terry Pratchett – especially his Discworld stories.

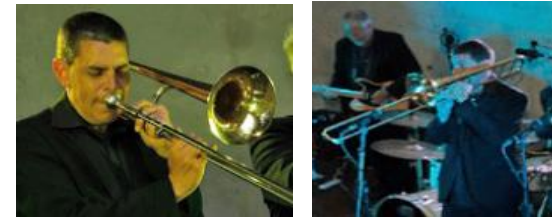

Mr Dore

*A very warm welcome to Class 6D. I'm really pleased to be your teacher in Year 6. (I've already taught many of you in the past). Our topic for **Autumn 1** will be about the middle ages – 'Peasants, Princes and Pestilence'.*

*I know that Year 6 can be very busy with SATS and preparing for secondary school but we'll still have lots of time for fun.*

My main interest is music – I play the trombone with lots of local bands and theatre companies.

I started playing when I was just 9 – and after 35 years I still can't wait for the next time I get to play and perform.

I love cricket and play as often as I can – this year that feels like never. Although I am enjoying the break from fractured fingers and sore shoulders.

Obviously, I can't finish without a picture of Charlie the working springer spanial!

Charlie (Isn't he gorgeous!)
