

Pupil Premium Statement 2018/19

All schools receive additional funding from the Government to support disadvantaged pupils. The Government funding is based on the number of pupils who are: currently in receipt of a daily free school meal (FSM), those who have been in receipt of a free school meal in the last 6 years (Ever6). The amount allocated per pupil in 2018/19 was £1320

Looked After Children (LAC), those in local authority care receive funding of £2300. Service children receive £300 per pupil.

The total amount of Pupil Premium Funding for 2018/19 received by the school was £81,838

The percentage of pupils per class in receipt of Pupil Premium Funding is as follows:

Year 6 – 16/30 = 53%, Year 5 – 13/18 = 72%, Year 4 – 11/21 = 52%, Year 3 – 9/18= 50%, Year 2 – 9/28 = 32%, Year 1 – 13/22 = 59%, F2 – 13/29= 45%

The overall percentage of pupil from Year R to Year 6 in receipt of Pupil Premium Funding is 48%

We have identified all the pupils who are eligible for the funding from the school census. We target specific interventions to support children who are in receipt of the funding through pupil progress meetings, which take place periodically throughout the year. The strategy we use to target interventions is based on evidence from the Sutton Trust Educational Endowment Fund toolkit, showing the impact and value for money of a range of interventions and services. We calculate the progress of this key group of children, measuring and evaluating the impact of the interventions funded by the Pupil Premium budget.

Summary of Objectives:		
<ul style="list-style-type: none"> To raise achievement in English and Maths To provide social and emotional support To raise levels of attendance To increase pupil engagement and readiness to learn To increase engagement of parents/carers in pupil learning 		
Action	Cost	Impact/Details (Autumn 2018 review)
Parent Support Advisor & Administration Teaching Assistants	£70,192	PSA is working to support approximately 30 families involving about 60 – 70 children.
