## Collective Worship

This week we have thought about how we can find awe and wonder in the simple things around us, simply by looking at them from a different perspective. Children have been challenged to explore their local environment from a different viewpoint; this might be through lying down and looking up at a tree or down at the minibeasts on the ground, or by studying the local area using Google Earth.

## Annual Music Showcase - Thursday 24 May, 6pm

Please watch out for an email on Monday inviting our choir and some of our talented instrumentalists to participate in this year's event. Due to the large number of children involved this year, we have to limit the seat allocation to 1 per family initially. However, once everyone has confirmed whether or not they will be attending, there may be an opportunity to release further seats. Thank you for your understanding.

## Request for Volunteers

National Walk to School Week takes place from Monday 21 May. As an added incentive for everyone who supports the WOW Travel Tracker Scheme, our Junior Road Safety Officers would like to issue passports to those children who walk to school during that week, enabling them to collect house points (similar to the scheme we ran during The Big Pedal). However, due to the high number of children who walk to school every day, the JRSOs will need some help! Could you spare 20 minutes each morning (8.30-8.50am) to help issue stickers to passport holders? If you can help, please contact the school office in the usual way. Please look out for next week's Walk to School Week newsletter which will give further details of our Walk to School Week activities.
