

## THE HAWTHORNS PRIMARY SCHOOL CYCLE SAFETY

**Cycle safety is just as important as learning to cross the road.**

1. All cyclists should wear a properly fitted cycle helmet.
2. Be seen. Consider reflective clothing, strips and /or lights on your bicycle.
3. All cycles must be in a roadworthy condition.
4. Be heard, consider having a bell to let other people know you are there.
5. Control your speed on pavements and anywhere near roads.
6. Be aware of other people. Do not push past or weave in and out of others.
7. Stop at the kerb and be aware of driveways.
8. Cyclists must ride sensibly and follow the Highway Code.
9. Younger children should always be accompanied by an adult.
10. Remember the Green Cross Code. STOP, LOOK, LISTEN.

### **School provision.**

11. All cycles must be locked securely in the approved cycle parking area.
12. You must dismount when entering the school grounds, and at all times walk the cycle while within the school grounds.
13. While the school provides the cycle storage facility, loss or damage to the cycle **is not** covered by the school insurance policy and therefore cycles are left at the owners own risk.
14. At present the school has 16 cycle rack places available for the use by pupils.

**No electrical cycles are to be used for travel to and from school.**
