

In Geography we will be becoming explorers and discovering the world's coldest places. We will be locating countries on a map and finding out about their climate.

We will be time travellers and investigate what really happened during The Great Fire of London and why so many people became sick with the plague.

In Science we will be learning about different habitats and the animals that live there. We will be investigating how to stop ice from melting.

We will be looking at old English houses and recreating Pudding Lane. We will think about the materials they used to build it and the problems they faced.

# FIRE & ICE

In Literacy we will be focusing on Penguins. Our key texts will be 'The Emperor Egg' and 'Lost and Found'. We will be writing fact pages, stories and poems.

In Literacy we will be writing sensory poems based on fire, write a diary entry of what it was like to be in The Great Fire of London and send thank you letters to The Rainbow Theatre Company for reacting to The Great Fire of London for us.

In Art we will be using pastels to create landscapes of Finland and Greenland.

In Music we will be learning to sing the song and play instruments to the London's Burning.

In Dance we will be practising and performing a fire and ice dance.
