

# OUT OF AFRICA

What different landscapes are there?  
What animals live there and how are they adapted?

Who is Nelson Mandela? How did he change the lives of people living in South Africa?

In music we will create rhythms using African drums.

We will look at continents of Europe and Africa on a world map and discover what is the same and what is different.

What are the physical and human features of the continent?

In art we will look at the different animal markings and make prints of their patterns.

In PE we will learn to control our speed and direction by playing outdoor games.
