

Beegu is not supposed to be on Earth. She is lost.

Take One Book

Beegu

By Alexis Deacon

Literacy

The children will continue to have daily phonics lesson. We will use these skills to read and write words and sentences, remembering to use finger spaces in our writing.

- Making posters to help Beegu.
- Using Non-fiction books to find out about the different planets.
- Helicopter stories about Space

Communication and Language

The children will continue to develop confidence in speaking to others about their own wants and interests. They will think about what is needed for good speaking and listening skills.

We will be asking questions and sharing what we know about where we live and about space.

Physical Development

This term the children will take part in dance. They will explore different ways of moving and linking sequences of movement together.

We will continue to think about the importance of drinking water regularly which is good for the brain and learning. We will talk about the importance of eating healthy foods.

Understanding the World

After learning Beegu's space ship has crashed landed, we will do our best to learn about where she has come from and we will share what we know about where we live.

We will learn about the solar system and the first moon landing. We will also be exploring light and dark and using the computer to draw aliens.

Expressive Arts and Design

We will be learning how to keep safe whilst using our woodwork bench and developing our model making.

Chalk pictures of planets.

Build rockets to help Beegu get home.

ICT aliens.

Mathematics

In Maths we will be continuing to develop our understanding of number, with a focus on 0 and 6 to 10. We will be counting and comparing groups up to 10 and making number bonds to 5 and to 10.

We will also be thinking about time and ordering the events of our day, recapping 2D shapes and learning about 3D shapes.

PSED

We will talk about how Beegu might be feeling and use this to talk about our own feelings. We will think about what makes us feel happy, sad, excited etc and will see if this is the same or different to our friends.
