Spring Term Issue 4

Dear Parent/Carer

I thought I would share with you a little bit of the reasoning behind why we push reading and vocabulary so much here at Lanner. Our whole curriculum is based around literacy, as we link a book to every topic. Language and vocabulary is becoming more critical for equipping children with the skills they will need in their adult years. In early years Speech, **language** and communication skills are crucial to young children's overall development. Being able to speak clearly and process speech sounds, to understand others, to express ideas and interact with others are fundamental building blocks for a child's development. In addition to this, children need to be able to read to access the full, broad and rich curriculum that is on offer here at Lanner. We are incredibly grateful for your continued support with this and it really is paying off. We often receive compliments from our teacher friends at secondary school, who comment on how polite, well mannered and of course well read the children from Lanner school are. If ever you need any support or help with this area, or any area of the curriculum, please come and speak to me personally. I will gladly assist and help in anyway possible.

I hope you all have a great weekend. If it is raining - why not read a book or two :)

Have a great weekend
Kieran Walsh

Please note because of the disco there will be no after school clubs with staff. BLAST will run as normal.

BLAST Art

The children have been very busy creating a huge version of the BLAST logo to brighten up an otherwise dull area of their room.

They started by drawing their faces on polystyrene and then printing them onto paper. Lots of small copies were made, cut out and stuck onto card. The artwork was made in 4 layers so it has a 3D effect.

Take a close look and see if you recognise anyone!

Number Day - Monday 10th February

It's maths, but not as you know it! During February, schools across the UK will be taking part in Number Day and this year, Lanner Primary School will be joining them! Everyone in school will have the chance to enjoy number games and maths - art activities, all to raise money to help the NSPCC. Doing this will only improve our positive 'can do' attitude towards maths and numbers!

What do you need to do? Bring in a donation to support the NSPCC in exchange for a non-uniform day on Monday 10th February.

Notice: Lanner School distributes flyers and magazines offering family services or posts details of local activities on the newsletter. Whilst we think that parents might like the information and find it useful, the school does not necessarily endorse these services.
