Spring Term Issue 1

Dear Parent/Carer

A very warm welcome back and happy New Year to you all. We are all very excited to be back and looking forward to the spring and summer terms.

Lots of the children have made a New Year resolution and they have been sharing them with their classes. This is wonderful to hear and it tied in very nicely to this week's assembly. The theme was perseverance. As a whole school we spoke about making resolutions/commitments, but actually sticking to them, that is the challenging part (both for children and adults). We looked at how you have to break these rather large commitments down into smaller steps and tackle each one every day. Lots of the children had made resolutions surrounding improving their learning - again, this was wonderful to hear, and we looked at a resolution such as "improve my maths", and how to break this down into achievable steps. ie number fluency, times tables recall, daily practice, etc. If you have not already done so, I thought you may like to have a similar discussion with your child over the weekend. I was so impressed with their commitment to learn and their attitudes towards learning that I thought it worthy to share with you all.

I hope you have a great weekend.

Have a great weekend
Kieran Walsh
