Autumn Term Issue 11

Dear Parent/Carer

Just to keep you all in the loop, over the coming months we will be starting some works within the school. The plan at this stage is for all the existing toilets to be completely overhauled and a new roof put on the school by the end of August 2019. I am under no illusions that this will run to time, as these jobs are always dependent of a number of factors out of our control. I have been in several meetings over the past month discussing plans for this project. In brief, there will be some temporary repairs taking place ASAP - then phase 1 will start in the Easter holidays. Phase 2 - the main bulk - will then take place during the August holidays. I will of course keep you posted of any updates and I will be monitoring and overseeing any alterations to ensure no, or minimum, disruption to learning takes place.

I hope you all have a lovely weekend
K Walsh
