

Foundation 2 Homework 21.6.19

This week in F2 we have started our Coast to Country Project. We have learnt all about a turtle called Duffy and how dangerous plastic can be for sea creatures. We have been learning about hedgehogs and next week we are hoping to make some hedgehog houses to put out in our Outdoor Area.

We have been counting in fives and trying to solve mathematical problems. We have also re-visited 3D shape and tried to talk about the properties of these shapes and name them.

We have re-visited the tricky words – said, when, what, so, do, have, some, come, little, like and there. We have been using these in our sentence writing and reading.

Just a reminder – next Thursday morning is Sport's Day. The children are to come into school in their sport clothes. We look forward to seeing you on the field at 10am, weather permitting.

Activities –

- **Can you spot any signs of hedgehogs in your garden or around your neighbourhood?**
- **Can you write an interesting fact about hedgehogs.**

Mrs Bancroft and Mrs Lucan
