

## **EDITED NATIONAL CURRICULUM FOR SPELLING**

### **Spelling, vocabulary, grammar, punctuation and glossary**

The two statutory appendices – on [spelling](#) and on [vocabulary, grammar and punctuation](#) – give an overview of the specific features that should be included in teaching the programmes of study.

Opportunities for teachers to enhance pupils' vocabulary arise naturally from their reading and writing. As vocabulary increases, teachers should show pupils how to understand the relationships between words, how to understand nuances in meaning, and how to develop their understanding of, and ability to use, figurative language. They should also teach pupils how to work out and clarify the meanings of unknown words and words with more than one meaning. References to developing pupils' vocabulary are also included within the appendices.

Pupils should be taught to control their speaking and writing consciously and to use Standard English. They should be taught to use the elements of spelling, grammar, punctuation and 'language about language' listed. This is not intended to constrain or restrict teachers' creativity, but simply to provide the structure on which they can construct exciting lessons. A non-statutory [Glossary](#) is provided for teachers.

Throughout the programmes of study, teachers should teach pupils the vocabulary they need to discuss their reading, writing and spoken language. It is important that pupils learn the correct grammatical terms in English and that these terms are integrated within teaching.

9. The suffix <b>-ous</b>	<p>Sometimes the root word is obvious and the usual rules apply for adding suffixes beginning with vowel letters.</p> <p>Sometimes there is no obvious root word.</p> <p><b>-our</b> is changed to <b>-or</b> before <b>-ous</b> is added.</p> <p>A final 'e' of the root word must be kept if the /dɪ/ sound of 'g' is to be kept.</p> <p>If there is an /i:/ sound before the <b>-ous</b> ending, it is usually spelt as <b>i</b>, but a few words have <b>e</b>.</p>	<p>poisonous dangerous mountainous famous various tremendous enormous jealous humorous glamorous vigorous</p> <p>courageous outrageous</p>	<p>serious obvious curious</p> <p>hideous spontaneous courteous</p>

Clues about whether to put <b>t</b>, <b>s</b>, <b>ss</b> or <b>c</b> before these suffixes often come from the last letter or letters of the root word.</p> <p>–<b>tion</b> is the most common spelling. It is used if the root word ends in <b>t</b> or <b>te</b>.</p> <p>–<b>ssion</b> is used if the root word ends in <b>ss</b> or –<b>mit</b>.</p> <p>–<b>sion</b> is used if the root word ends in <b>d</b> or <b>se</b>.</p> <p><b>Exceptions:</b> <i>attend – attention, intend – intention.</i></p> <p>–<b>cian</b> is used if the root word ends in <b>c</b> or <b>cs</b>.</p>	invention injection action hesitation completion fraction detention mention  expression discussion confession permission admission progression expansion extension	comprehension tension session  musician optician electrician magician politician mathematician

### Notes and guidance (non-statutory)

Teachers should continue to emphasise to pupils the relationships between sounds and letters, even when the relationships are unusual. Once root words are learnt in this way, longer words can be spelt correctly, if the rules and guidance for adding prefixes and suffixes are also known.

#### Examples:

*business*: once *busy* is learnt, with due attention to the unusual spelling of the /i/ sound as 'u', *business* can then be spelt as **busy + ness**, with the **y** of **busy** changed to **i** according to the rule.

*disappear*: the root word *appear* contains sounds which can be spelt in more than one way so it needs to be learnt, but the prefix **dis-** is then simply added to **appear**.

Understanding the relationships between words can also help with spelling. Examples:

- *bicycle* is *cycle* (from the Greek for *wheel*) with **bi-** (meaning 'two') before it.
- *medicine* is related to *medical* so the /s/ sound is spelt as **c**. *opposite* is related to *oppose*, so the schwa sound in *opposite* is spelt as **o**.
