

**ROAD CLOSURE – COMMON LANE – 21<sup>ST</sup> JANUARY 2019**

Many of you will have noticed the sign stating that part of Common Lane is to be closed from 21<sup>st</sup> January for four days. This is to provide new gas services. The school has not been notified by the contractor or the Highways department of the closure. A copy of the plan which is obtainable from <https://roadworks.org/> is attached. Having contacted Staffordshire highways department, we are told that the alternative route for access will be along the Teddesley Road accessing it at the Brocton crossroads. It will then be necessary to turn left into Common Lane to come effectively in the opposite direction to access the school. We have spoken to Balfour Beatty, the contractors, and are advised that vehicular access will not be possible along the part of the road indicated in red on the attached plan but pedestrian access will be possible. A letter from Balfour Beatty concerning the closure is promised and will be shared with you when received. Please do drive very carefully whichever way you access the school during this period and be extra careful if walking along Common Lane.
